

SAMBHRAM ACADEMY OF MANAGEMENT STUDIES
A Report on TRAI Seminar
On
“Big Data Analysis & Cyber Security”

One of important objectives of TRAI is to safeguard consumer interests and create their awareness. Towards this objective, TRAI has instituted a system of registration of consumer organizations as Consumer Advocacy Groups (CAGs). These CAGs act as interlocutors between consumers and Telecom Service Providers (TSPs) and articulate consumer responses to TRAI initiatives towards consumer education and work for protection and propagation of consumer interests. Thus CAGs are important partners of TRAI in its constant endeavor to safeguard consumer interests. It is thus necessary that the CAGs are well equipped and trained so that they can perform this role efficiently.

Keeping this purpose in mind, Regional Office, TRAI, Bangalore conducted Seminar on "**Big Data Analysis & Cyber Security**" on **23rd Feb 2018 (Friday) at The Fern Citadel Hotel, Bangalore.**

From the School of Computer Science, SAMS twelve BCA and MCA students along with faculties' viz., Mrs. Nirmala S, Mr. John.Jeya Singh & Mrs. Sophia Margaret attended the seminar. The program comprised of four sessions, two in the forenoon and two in the afternoon; four eminent speakers shared their knowledge about the subject and the current trends.

Session 1 Dr. Veni Madhavan, Professor, IISc, Bangalore spoke about “ Block Chains & Crypto Currency” in which he explained about how the digital cash is going to replace the physical money in the market

Session 2 Mr. Venkatesh Murthy, Director, Data Security Council, Bangalore and “Cyber Crimes & Incident Response”

He gave an insight of how the cyber crimes are creating loss to the economy and how to avoid that

Session 3 Dr. V. Sridhar a professor from UVCE spoke about the topic “Big Data”. The various applications in which Big Data is being used its strengths and weaknesses were explained.

Session 4 Mr. Sanjay Bansal from TRAI gave an insight of how BIG Data Analysis is being used in TRAI for the improvement of the services provided to

the consumers. He also mentioned about the new mobile applications which TRAI has launched to provide the consumers a better service.
